

a) Differences between 4 human haplotypes

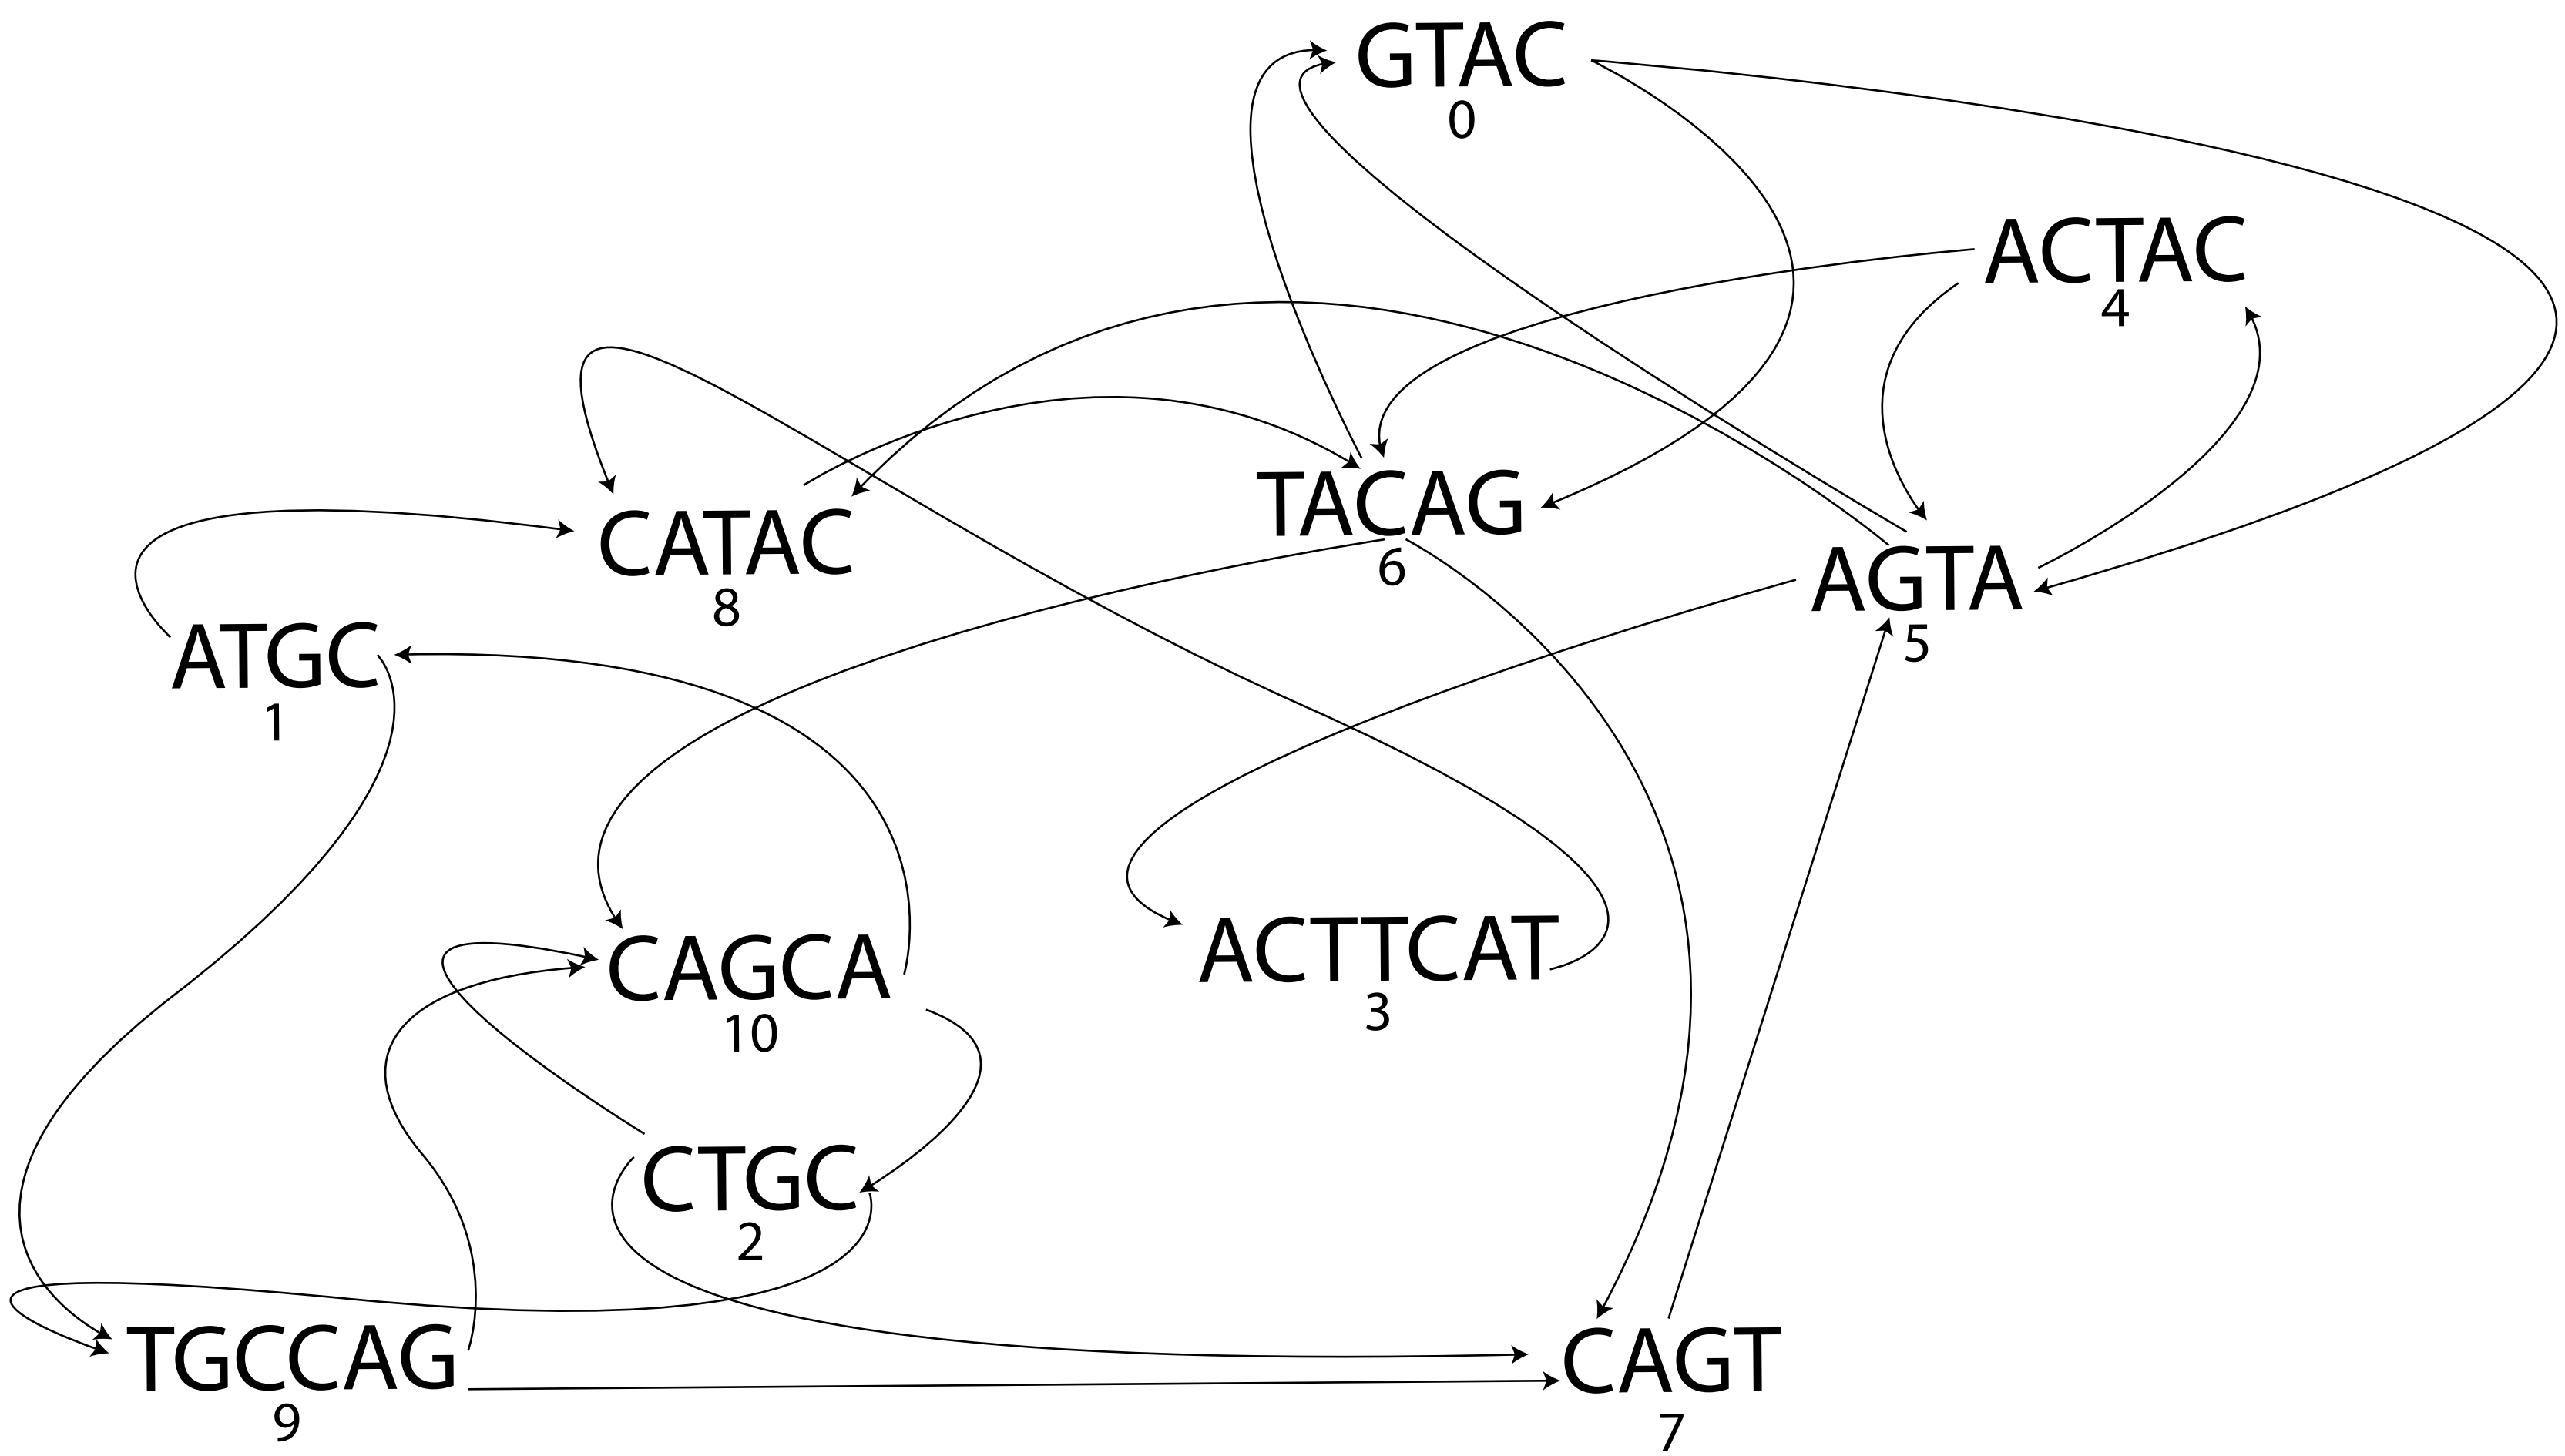

b) The variation graph obtained from the haplotypes in a)

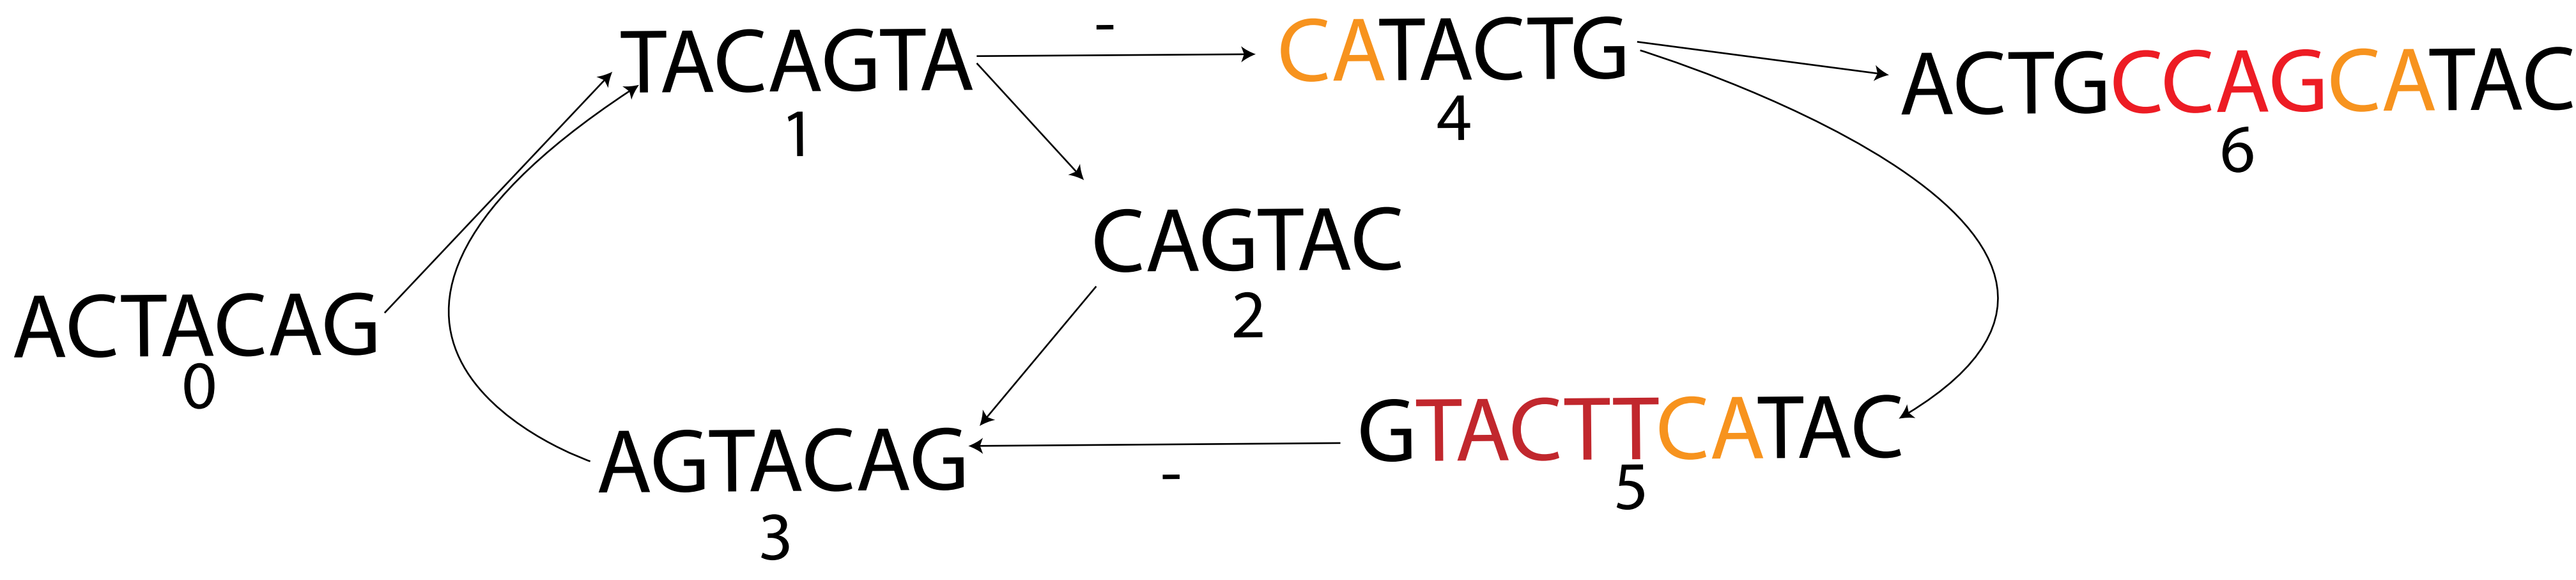

c) A dBg (k=6) obtained from the haplotypes in a)

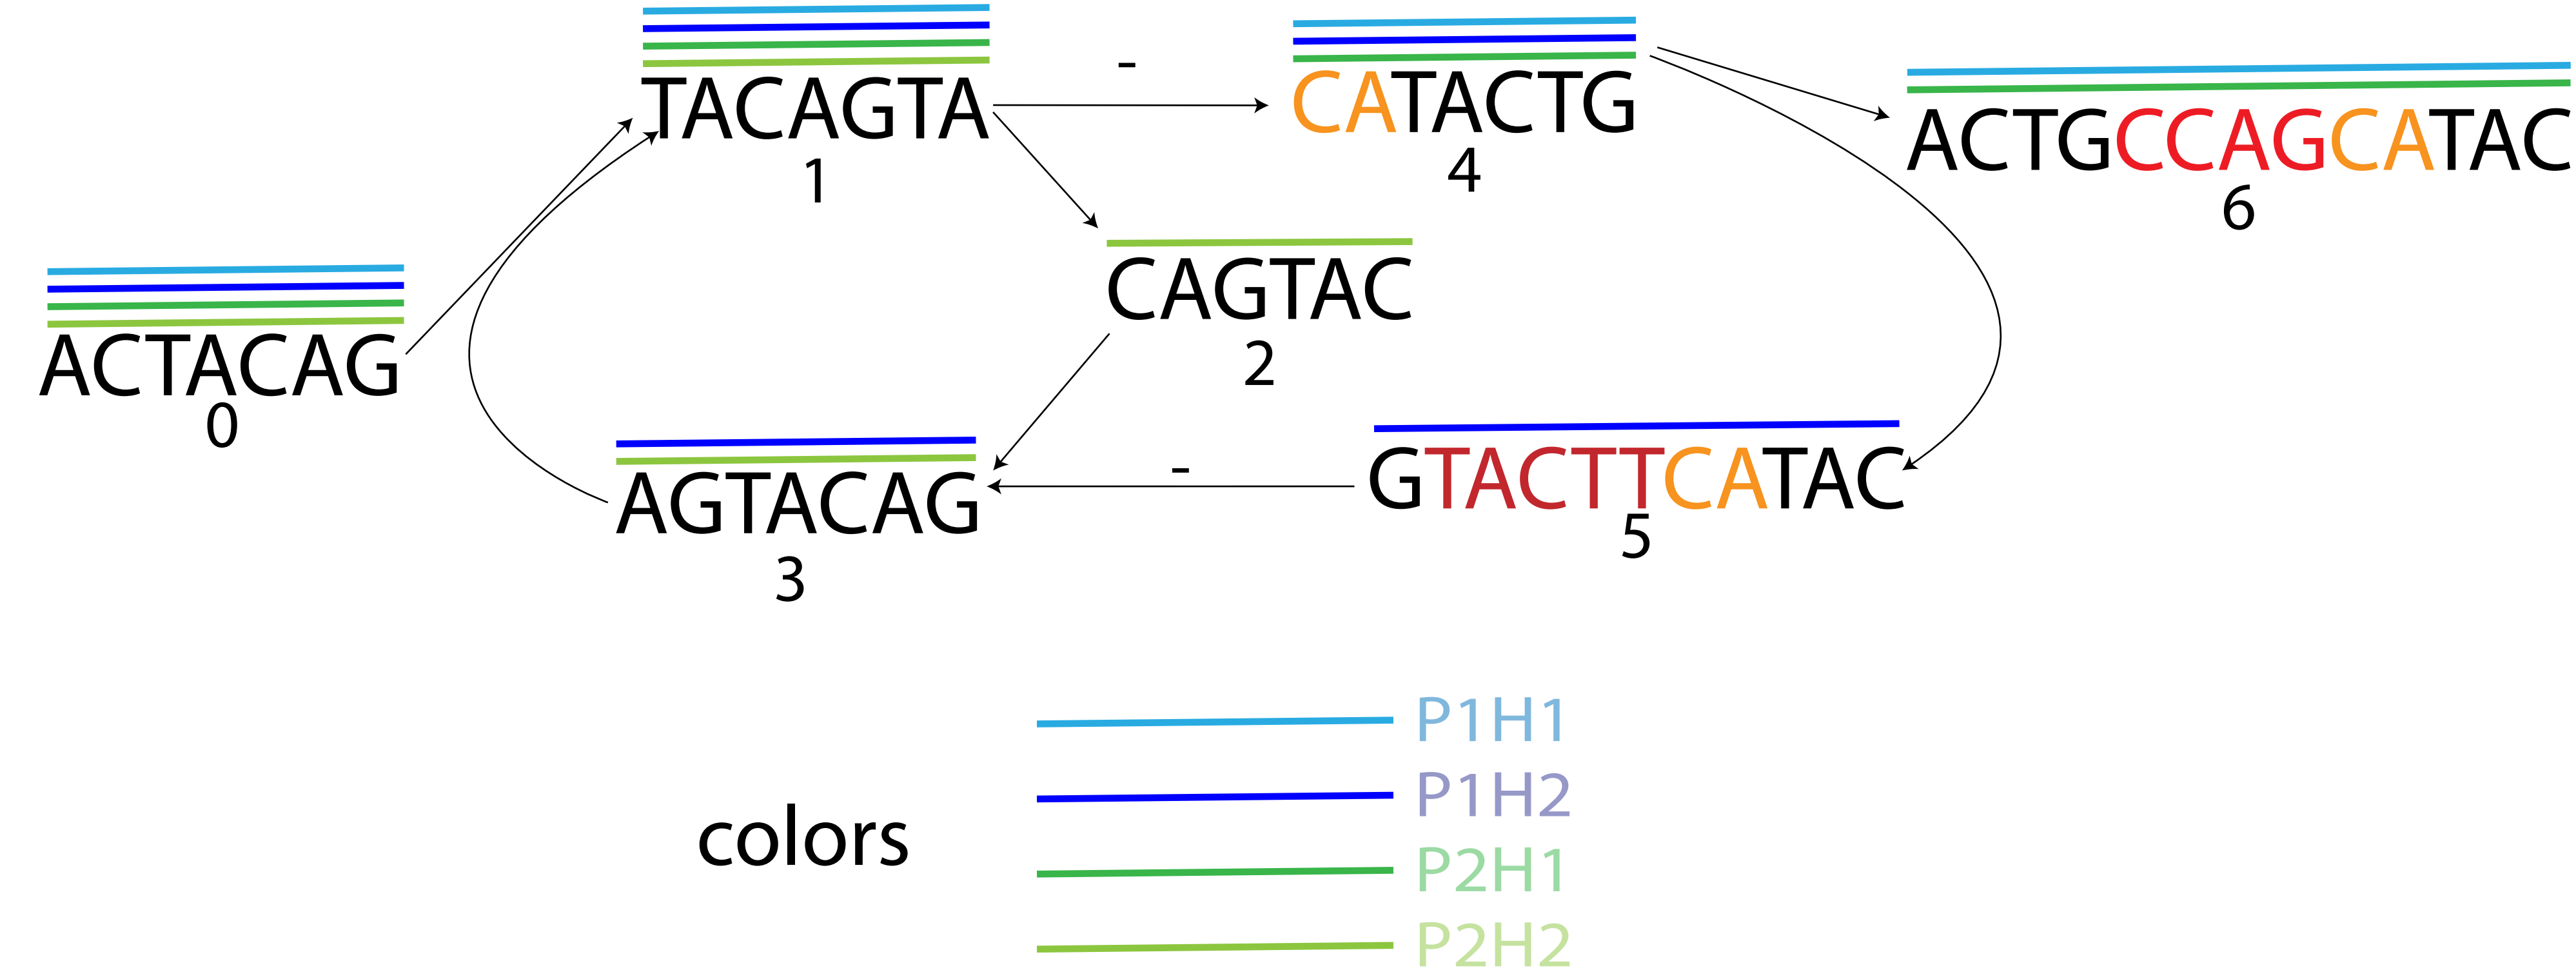

e) A cdBg from the same haplotypes in a), with k=4, shows a more complex structure than the one in d)

d) A compacted dBg (cdBg) obtained from the graph in c)

f) Colors are added to the cdBg in d)

g) Colors classes are added to the cdBg in d)
